## SABINAL SCHOOL MAN NEW HONDO SCHOOL HEAD

At a meeting of the School Board

last Friday, Mr. Hons C. Richards,

veteran school man of Sabinal, was

elected Superintendent of Hondo

Public Schools, succeeding Mr. James

Gordon Barry who resigned Thurs-

day night to enter the Army. Mr.

Richards closed his affairs as

Superintendent of the Sabinal

Schools and entered upon his new

duties Wednesday of this week. He

plans to move his family, composed

of his wife and two young daughters,

to Hondo this week-end, and they

will reside in the H. A. Finger home.

Mr. Richards is a native of San

Marcos. He graduated from the

University of Texas in 1925 and in

1936 received his Master's Degree

from the same institution. His first

teaching experience was gained at

Devine where he taught Spanish in

the high school for two years. He

was connected with the Sabinal

School system for fifteen years, go-

ing there as coach and teacher the

same year that Mr. Barry came to

Hondo High School and in the same

capacity. For seven years he served

as coach, being succeeded by Mr.

Tom D. Bridges, now Hondo's coach

and school principal. Mr. Richards'

administrative experience includes 9

years as principal and the past two

years as Superintendent of Sabinal

Schools.

Supt. Richards is well pleased with

the welcome and cooperation

shown him on his arrival and is look-

ing forward to a very successful

school year. He already has many

friends in Hondo and hopes to make

the acquaintance of all of the

school's patrons.

## LADIES AID MEETS

Mrs. Alfred Breiten was hostess

Wednesday afternoon to the Luth-

eran Ladies' Aid Society. The meet-

ing was opened with song and the

pastor, Rev. M. J. Lorring took up

the study of the Ten Command-

ments. A business session was held

and a flower committee composed of

Mrs. Ben Graff and Mrs. Emmett

Nester, was appointed for the month.

Mrs. Clarence Neuman and Mrs. Geo.

Reitzer were welcomed as new mem-

bers.

The hostess served refreshments

of sandwiches, potato chips, cake

and iced tea to the following mem-

bers and guests: Rev. and Mrs. M. J.

Lorring, Mrs. Geo. Reitzer, Mrs.

Clarence Neuman, Mrs. Alfred Mech-

ler, Mrs. Amanda Muenink, Mrs.

Edgar Stiegler, Mrs. Annie Stiegler,

Mrs. Wm. Mussman, Mrs. Felix Ba-

tot, Mrs. Ben Graff, Mrs. Milton

Heyen, Mrs. Emmett Nester, Mrs.

Robert Schulte, Mrs. F. R. Grube,

Mrs. H. E. Haass, Mrs. Ben Oefin-

ger, Mrs. Andrew Schuehle, Mrs.

#### GRADUATION EXERCISES SATURDAY

AAF NAVIGATION SCHOOL HONDO, Texas, Sept. 1.—Members of the second class of aerial navigators to be graduated from the world's largest navigation school here will receive their silver navigator wings and second lieutenant commissions in exercises Saturday morning at 9:30.

Lt. Col. G. B. Dany, director of training at the navigation school, will make the graduation address. He will be introduced by Lt. Col. John M. Hutchison, assistant director of training.

Following the graduation ceremony, the newly commissioned lieutenants will hold their first review of under-graduate navigation cadets at which time Lt. Col. Dany will pin wings on the chests of the graduates.

A part of the graduation service will be the traditional transfer of "Jackpot," the skunk mascot of the navigation cadet detachment to the new cadet colonel from the retiring cadet colonel.

Other events of the graduation will be the presentation of scholastic honors. Trophies will be given to the graduating cadets having the highest and second highest scholastic averages. The averages are compiled from the cadet's record in ground school work, flying ability, meteorology, and military proficiency.

Each of the newly commissioned officers will soon be assigned to active duty. Many will take their place in the navigator's seat of a giant U. S. bomber to chart the course of the ship over enemy territory. Others will be assigned to training fields as instructors.

The graduating navigator is fully qualified to plot the flight of a bomber to any point on the earth and chart its safe return. He is also skilled in meteorology and able to forecast accurately the weather in any locality.

When the navigators receive their wings Saturday they will have com-

pleted 15 weeks of comprehensive navigation training and will have flown more than 15,000 miles in practice navigation flights.

#### RECRUIT SQUADRON SUBSCRIBES 90 PERCENT TO WAR BONDS

A sudden spurt in war bond buying among enlisted men at the AAF Navigation School this week increased the total of purchases for the coming year to more than \$87,000 worth of bonds.

This increase was directly attributable to the \$1100 in bond subscriptions made in less than a week's time by 90 percent of a large group of recruits from New York who recently arrived in Hondo.

Meanwhile, as the war bond buying drive continued every squadron on the field reported additional bond subscriptions among enlisted men. An enlisted man may authorize any amount to be deducted from his monthly pay and applied toward the purchase of a war bond.

The war bond sales campaign is being directed by Captain T. F. Staudt, war bond officer.

#### NEW ENLISTMENT OPPORTUNITY FOR MECHANICS AND RADIO OPERATORS

The recent announcement that mechanics and radio men may now enlist directly into the Army Air Forces was just what Edward E. Bowlin of Uvalde had been waiting for.

He wasted no time in applying at the AAF Navigation School here and was the first man to be accepted here under provisions of the new recruiting program. Years of experience as an automobile and sewing machine repairman qualified him for direct enlistment.

The announcement that mechanics and radio men may now enlist directly into the Air Corps was made by Capt. E. G. McEmore, AAF Technician Procurement Officer at the

#### Navigation School.

The privilege applies for a limited time only for men who have been employed as airplane mechanics, appliance servicemen, automobile mechanics electricians, farm mechanics instrument makers, jewelers, locksmiths, welders, radio mechanics, radio operators or telegraph operators.

All men interested in applying for direct enlistment as mechanics or radio operators are urged to contact Capt. McEmore by mail or by telephone. His phone number at the navigation school is 510.

#### DALLAS MAN APPOINTED NEW ADJUTANT

Captain William K. St. Claire, Dallas, Tex., has been named adjutant of the newly-opened Army Air Forces Navigation School, Hondo, Tex. He succeeds Major J. J. Jewett who is being transferred to Del Rio, Tex.

The son of Captain and Mrs. Felix L. St. Claire, both deceased, Captain St. Claire was born in Manila, Philippine Islands. His father, a retired U. S. Army officer, was a veteran of Indian wars. Following in his father's footsteps, Captain St. Claire served in World War I and was called back into present service from the reserves.

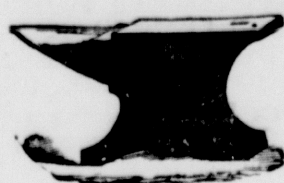

A sister, Mrs. Charles E. Lehman, resides at 531 Carson St., in San Antonio, and a brother, 1st Lt. Felix Lathier St. Claire, Jr., is stationed with the infantry at Fort Benning, Ga.

#### COLONEL'S DAUGHTER KEEPS 'EM FLYING

Miss Helen H. Robins, daughter of one of the Air Corps' most illustrious men is carrying on the Robins' tradition at the world's largest navigation school here. Miss Robins is the daughter of Col. Augustine Warner Robins, one time commanding officer of the Gulf Coast Air Force Training Center, Randolph Field, Texas, and former chief of the Material Division at Wright Field, Dayton, Ohio.

Miss Robins is supervisor of civilian personnel, officers' section. She came to Hondo following a year's service with the navigation school at Kelly Field.

She is one of three daughters of Colonel Robins now connected with (Continued on last page)

### THE LOW DOWN FROM HICKORY GROVE

We been in the war now, going onto a year. Early in the fray the brazen crowd that had elbowed in and made a racket of labor, held up work in all directions. Otherwise we would be further along.

But strikes are fewer—and farther between, but not because the Bozoes bossing labor have become Christians. It is because they have labor in the bag—sewed up.

But right now there are other problems besides labor Bozoes. It is time for the little guy to say a word—and loud. The little fellow who is pulling in his belt—buying bonds—raising wheat—keeping up his taxes, etc., has been patient long enough. It is time for him to say, Here, Big Boys, you fellows there on the old Potomac, you gotta help, too. Cut out the didos—cut out experiments and research on psychology and sociology—get onto an economy basis, before our cash gives out. Either do so, or come on home. And furthermore, if you don't show speed, the gathering clouds you see on the horizon will most likely turn out to be a twister.

Yours with the low down, JOE SERRA.

### JAMES STRANAHAN OF SAN BENITO DIES

San Benito—James H. Stranahan, 81, who saw Roy Bean, famous 'Law West of the Pecos' defeated for reelection died at his home here and funeral services were held Wednesday morning.

To our readers the above paragraph will probably mean only that another aged man has gone to the final rest Nature provides for all who live and breathe and know life as it is on this mundane sphere—for of our several thousand readers it is possible not one ever knew Mr. Stranahan personally.

Even this writer's acquaintance extended over a period of only three or four weeks and our paths have not intercepted since. When he landed in Texas in early September, 1895, the first job he found was washing dishes in a telephone construction camp at Wetmore, Texas, a siding a few miles out north of San Antonio on the I. & G. N. R. R. The camp cook and his immediate boss was Mr. Stranahan, and for his patience and kindness to a homesick tenderfoot boy during the one week he held the job he has ever been grateful, and will ever carry a grateful remembrance.

Mr. Stranahan's wife, who succeeded to the writer's job at the camp, died many years ago, and he is survived by his wife of a later marriage. To her we extend our sympathy.

### SCRAP CAMPAIGN CONTINUES

A telegram from Washington to A. & M. College and relayed from there to V. P. King urges "that every effort be made to get all scrap iron off farms and ranches at once since mills are running short of material."

Mr. King advises that parties at Hondo, D'Hanis and Devine will purchase any scrap metal or rubber delivered to them.

Furthermore, if you prefer donating it to troubling to take it to market, just notify Robert D. Burden, Secretary-Treasurer Medina County A. A. A., Hondo, Texas, and it will be called for in due time.

Indications are that 80,000 tons of scrap metal are still on the farms and ranches of Texas, and the mills are in need of it for war production.

#### TO MY PATRONS

Having permanently disposed of my liquor package house, I want to thank my friends for their patronage. At the same time I wish to announce that I am taking a two-weeks' rest after which I will be back in my saddle and leather shop ready to serve you to the best of my ability. Hoping to continue to receive your leather business, I am,

Yours to serve, EUGEN HUESER.

## SUPERVISOR HUGH T. WEAVER ADDRESSES FARMERS

Farmers of Medina County who have the necessary qualifications and want to be considered for loans with which to buy family-type farms of their own under the U. S. Department of Agriculture's Tenant Purchase program should apply immediately to the Farm Security Administration office at Hondo, Texas, it was announced today by William C. Santleben, Chairman of FSA's county farm ownership committee.

Under the Bankhead-Jones Farm Tenant Act, a limited number of loans can be made in designated counties each year to farm tenants sharecroppers or farm laborers who are American citizens, to enable them to obtain life-time security on farms of sufficient size to adequately support their families. The loans are repayable within 40 years, at three percent interest.

Loans will also be considered, the chairman explained, to enable bona fide farm owners with insufficient land to enlarge their acreages into economic family-type units. To qualify, the owner must have personally operated his farm at least one year must derive all or most of his income from the farm, and must intend to operate his enlarged unit on a full-time basis. Farmers who are interested in this type of loan can obtain the details from Hugh F. Weaver, County FSA supervisor, second floor Leinweber building.

Special importance is attached to the home-ownership program this year because the security of tenure it affords selected farmers will be of great help to them in their plans to contribute to the food production program under way in America, Mr. Santleben said.

The War Production Board order L-41 limiting construction work during the year on farm homes to \$500 and on all other farm structures to \$1,000, is being observed in carrying out improvements or repairs to buildings on farms bought with TFL loans, the committee chairman pointed out.

## EXAMINATION FOR CASTROVILLE POSTMASTER TO BE HELD HERE

The United States Civil Service Commission has announced an open competitive examination to fill the vacancy in the position of postmaster at Castroville, Texas, in accordance with an Act of Congress, approved June 25, 1938.

Full information and application forms may be obtained at the post office for which the examination is held, or from the United States Civil Service Commission, Washington, D. C. Applications must be on file in the office of the Commission at Washington, D. C., not later than September 11, 1942.

## 1942 FOOTBALL PROSPECTS

In preparation for the coming grid campaign, practice for the Hondo Owls began September 1st, with Coach Tom D. Bridges counting 38 heads. Two practice periods are being held daily, from 8 to 10:30 A. M. and again from 3 to 5:30 P. M. One practice daily will be the program when school starts.

Coach Bridges expects to start from scratch in building the line. In the backfield only two regulars, Stanley Hollmig and Tommy Ney, return. The two boys are also captains of the 1942 Owls' football team. Although the material is "green", Coach Bridges expects to have the boys in pretty good shape by opening game with Devine on September 18th. He feels sure the fans will get as many thrills as ever from watching the Owls play this season.

Prospects reporting for practice are as follows: Stanley Hollmig, Tommy Ney, Bud Groff, Odie Gilliam, Franklin Bless, Frank Graff, W. J. Williams, Milton Renken, Robert Koch, Bobby Van Fleet, Jimmy Duncan, Charles Koch, Jimmy Rogers, John Henry Muennink, A. J. Cook, Ben Graff, Jerome Decker, John Henry Embrey, Bud Johnson, Jimmy Eisenhower, James Graff, Harry Mueller, Buster Goff, Horace Britsch, Melville Mummie, Edson J. Oeffinger, Jerrall Britsch, Joe King, Henry Holloway, Arlie Brucks, Joe Fohn, Arthur Dawson, Selby Woods Jr., Buddy Garber, Bobbie Nester, Temmie Finger, Planton Taylor and Emmanuel Loring. Several boys who live in the country and have not been able to get to town also will report for practice as soon as school opens. In this group will be the three Schuehling brothers, John, Frederick and Herman.

Although two schools in Hondo's zone, Cotulla and San Felipe, have dropped football because of war conditions, the Owls will have a full schedule of games. Two dates are open but Coach Bridges expects to fill them with games arranged with San Antonio teams. The schedule is as follows:

Sept. 18—Devine at Hondo.  
 Sept. 25—Open.  
 Oct. 2—Carrizo Springs at Carrizo Springs.  
 Oct. 9—Pearsall at Pearsall.  
 Oct. 16—Open.  
 Oct. 30—Uvalde at Hondo.  
 Nov. 6—Brackettville at Hondo.  
 Nov. 13—Del Rio at Hondo.  
 Nov. 20—Sabal at Sabal.

## MARRIED

Mrs. Myrtle Williams received word Tuesday that her son, Corporal Lee Dell Williams, and Miss Je Adams of Bandera, Texas, were married Monday, August 24, 1942, in the First Methodist Church, Birmingham, Washington. No other details were given. Corporal Williams is a graduate of Hondo High School. Since December last year he has been stationed at Fort Lewis, Washington, in the Battery Clerk Office.

## MEDINA COUNTY BOYS ENLIST

Three Medina County boys enlisted this week in the armed services of the United States, according to information received by the Medina County Draft Board. George C. Summerer of Hondo and Joe Everett Williams of Devine joined the U. S. Army, and Harold John Moehring of Hondo enlisted in the Coast Guard. Their stations were not revealed.

**How Much is Enough?**

"How much is 'enough' life insurance?" Because family needs differ, that question can best be answered with the advice and cooperation of a trained life underwriter.

## THE FAMILY DEFENSE SPECIAL MORE PROTECTION—LESS MONEY

**T**ODAY, life insurance is purchased primarily to replace lost income. What monthly income will your present life insurance give your family? Figure it out—then ask yourself: Will my life insurance insure the "life" of my family?

If your answer is "no," let our representative explain a policy designed to meet the present-day need for more income at less cost—THE FAMILY DEFENSE SPECIAL.

Under this plan a \$10,000 policy will provide an income of \$96.10 per month for ten years guaranteed. . . . And the investment is only 80c per month per \$1,000 (age 35) for the first five years, and the regular Ordinary Life rate thereafter. (Issued only to Preferred Risks—minimum \$2,500.)

Investigate the FAMILY DEFENSE SPECIAL—you can have enough protection. Give your family more income at less cost.

"Hondo" Crouch, T. U. Aquatic Star to Get New Kind of Wings:

John R. Crouch, better known as "Hondo," present holder of several National A. A. U. free style and back stroke swimming records, is now an aviation cadet at Garner Field.

When early this year Hondo decided the international situation required his personal intervention he chose to fight in a medium that would permit the greatest speed. Despite his rambling gait and his slow West Texas drawl, Hondo has always believed in speed. While at Texas University he broke almost every swimming record in the books and traveled as one of the stars in aquatic shows throughout the United States but he never lost the ability to be just what he wanted to be, a son of Texas and of Hondo.

When he decided to trade his water wings and become a flying eagle for Uncle Sam he agreed that the best pilots can be trained in Texas and vowed not to leave the Lone Star State if that could be avoided; and upon graduation from pre-flight school at Kelly Field in San Antonio, Hondo's choice was Uvalde for primary training. He had heard of the excellent standard maintained at Hangar Six, Inc., and knew first hand the cordial hospitality of West Texas folk in and around Uvalde.

According to Instructor Gilley Davis, assigned to teach Hondo to fly, he is a very apt pupil and will be one of the first to solo after the minimum of dual instruction.

When in a few months the class of 43-B is ready this flying fish from Hondo will be leading his buddies in the big splash over Berlin or Tokio to forever extinguish the burning ambitions of the dictators.

## Washington Snapshots by JAMES PRESTON

Rumors of a general WPB shake-  
up are misleading. The war program  
proceeds apace according to the Nel-  
son-War-Navy program of last  
March. Under this agreement Army  
and Navy would take over: (1) pro-  
duction scheduling; (2) contract re-  
negotiation; (3) review of plant  
construction; (4) purchasing proce-  
dures, as rapidly as possible. Raw  
material shortages have dictated  
some quick shifts and others may  
follow, but the basic plan remains  
the same. Most significant shift is  
Army and Navy control over priority  
ratings.

—WSS—

PRP is under fire. A substitute  
program, generally referred to as  
the contract production plan, is ad-  
vocated by a number of high mili-  
tary officials. The Army version  
soon to be tried out in the radio in-  
dustry, would include in each con-  
tract, warrants to obtain materials  
when needed. The plan, under WPB  
scrutiny for a year, was originally  
discarded because of its power vir-  
tually to eliminate civilian industry.  
As the job of Army and Navy De-  
partments is to fight, they are not  
unduly concerned with civilian in-  
dustry. Under-Secretary of War  
Patterson warns that further drastic  
cuts will have to be made in civilian  
goods production. Seriousness of  
raw material shortages, as empha-  
sized in a resolution by the WPB  
labor policy committee, may force as  
many as a thousand war plants to  
cut production in August and Sep-  
tember.

—WSS—

Announcement of the Administra-  
tion's wage stabilization program  
now on the President's desk, is due  
this week. Labor's vigorous opposi-  
tion to OPA's wage-cear plan forced  
a compromise. The program envis-  
ages fixing wages in dispute and con-  
templated a set-up for voluntary  
wage increase approval. It is ex-  
pected to follow the "Little Steel"  
15 per cent formula which still per-  
mits wage increases in substandard  
areas. WLB inaugurated the new  
policy even before its announcement  
by the White House.

—WSS—

The War Manpower Commission  
is holding its fire until after elec-  
tions. Before requesting legislative  
authority to "shift labor to areas of  
critical shortages and compel trans-  
fer of individuals to war production  
work," WMC wants a clear cut wage  
stabilization policy, which means  
statutory labor priorities, an effec-  
tive form of labor draft. Washing-  
ton officials believe new powers  
granted WLB will be used to carry  
out the following recommendations:

1. A wide organization among em-  
ployer and management groups "as  
a method to promote equality of bar-  
gaining power between management  
and labor."

2. Industry-wide collective bar-  
gaining as the "logical step which  
makes for greater stability through-  
out an industry, more responsible  
unions, and puts management on a  
more fair and equitable basis so far  
as wage costs are concerned." Em-  
ployer member Papham has been  
contending vigorously that more re-  
sponsible unions are essential to  
stable labor relations.

### LIVESTOCK MARKET REPORT

Monday, August 31, 1942

San Antonio, Aug. 31.—HOGS.  
Estimated salable and total receipts  
400. The small supplies of butcher  
hogs and packing sows met a broad  
and active demand. Prices devel-  
oped at mostly 15c higher levels, as  
compared with last Friday's average.  
Top and bulk for Good and Choice  
180-270 lb. butchers was \$14.15.  
Some comaprable grade 160-180 lb.  
hogs made \$13.65-14.00 and a few  
140-160 lbs. turned at \$13.25-13.75.  
Most packing sows scaling under 450  
lbs. sold at \$13.00-13.15. Feeder  
pigs bulked at \$13.00-13.50.

CATTLE: Estimated salable and  
total receipts 400; CALVES 900.  
Sharply curtailed marketing of all  
cattle and calves left receipts ma-  
terially under trade requirements  
and all interests were buying freely  
for numbers. Consequently trading  
was on a catch-bid basis at uneven  
and sharply higher prices, instances  
as much as \$1.00 over last week's  
close. A small lot of Common Mexi-  
can steers sold at \$9.50 and repre-  
sented the day's crop.

The scattering of beef cows con-  
sisted mainly of Common and Me-  
dium grades selling at \$8.00-9.00,  
while most Cannerns and Cutters  
made \$5.50-7.50, a few light offer-  
ings from \$5.00 down. Odd head of

## THE WAR

A summary of the past week's war  
events reviewed by The National  
Editorial Association Defense Ad-  
visory Committee in cooperation with  
the Office of Government Reports.

FOR RELEASE, SEPT. 1, 1942

Gen. MacArthur's Australian  
headquarters reported in a special  
communique August 31 that Japan-  
ese invasion troops have suffered a  
disastrous defeat in the Milne Bay  
area of New Guinea. A force of  
Australian shock troops had been se-  
cretly concentrated along the Bay in  
anticipation of the Japanese landing  
August 26, the report said, and as a  
result the Japanese landed in a trap.  
The Japanese lost all of an "enor-  
mous quantity" of heavy material  
they landed, including tanks, and ex-  
cept for a few troops evacuated by  
an enemy cruiser and eight destroy-  
ers, the enemy land force was anni-  
hilated.

The Navy announced that Marines  
holding six islands in the southeast-  
ern Solomons had killed or captured  
all Japanese troops attempting to re-  
take the islands. The Navy reported  
August 30 that seven enemy planes  
were shot down when they attempted  
to raid the airfield facilities which  
the Marines had captured on Guadal-  
canal, bringing the total of enemy  
planes shot down in the Solomons  
fighting to 78. The Navy also an-  
nounced the Marines, with Navy sup-  
port, raided the Japanese base on  
Makin Island in the Gilberts, killing  
all but 2 of an estimated 330 enemy  
garrison. U. S. losses were less than  
1 to 10 of Japanese.

In the European theatre, U. S.  
Flying Fortresses bombed the air-  
drome of Wevelghem, near Cou-  
trai in Belgium, in the eighth  
straight operation without loss. In  
other precision bombing raids, the  
Fortresses attacked the Rotterdam  
shipyards and an airplane factory at  
Neuville in northern France. Lt.  
Gen. Joseph W. Stilwell announced  
August 31 in Chungking, China, that  
U. S. Army planes based in China  
have made heavy and successful at-  
tacks on Myitkyina and Lashio, the  
two large Japanese bases in northern  
Burma. The Navy announced the  
sinking of five more United Nations  
merchant ships by enemy submarines  
in the Atlantic.

Joseph C. Grew, former Amba-  
sador to Japan newly returned from  
Tokyo, said in a radio address the  
Japanese will fight "with all the  
force and power at their comman-  
d, until they are utterly crushed."  
Mr. Grew stated "We are up against  
a powerful fighting machine, a peo-  
ple whose morale cannot and will not  
be broken even by successive de-  
feats, who will certainly not be broke-  
n by economic hardships, a people  
who individually and collectively will  
gladly sacrifice their lives for their  
Emperor and their nation, and can  
be brought to earth only by complete  
defeat in battle."

Controlling The Cost Of Living

President Roosevelt said he would  
announce his new anti-inflation pro-  
gram in a nation-wide address the  
evening of Labor Day, and would  
send a message to Congress earlier  
the same day. He told his press con-  
ference that forthcoming steps to  
control the cost of living will include  
stabilization of farm prices as well  
as wages, because neither could be  
stabilized without the other. He  
said wage stabilization would be  
flexible and would not amount to  
flat freezing of wages and salaries.  
The President also said the Govern-  
ment is considering one meatless day  
a week as a plan to be used largely  
as a means of saving oceanic ship-  
ping space for the total war effort.  
He said under the plan American  
meat could be shipped to nations in  
need, and this would make 30 to 40  
Allied ships available for hauling  
war necessities to world-wide the-  
aters of United Nations war activities.

Stabilization Of Farm Prices

The Office of Price Administra-  
tion announced it is planning a price  
ceiling for live hogs and similar ac-  
tion is contemplated soon for cattle  
prices. The ceiling would be worked  
out in conjunction with representa-  
tives of livestock producers. The Of-  
fice said "vigorous steps" are being  
taken to enforce quality grading  
provisions of its beef regulations to  
prevent upgrading as an evasion of  
price levels. The Agriculture De-  
partment reported a 9-point advance  
in farm prices from July 15 to Au-

sausage bulls ranged up to \$9.75.  
Available supplies of killing calves  
were mostly Common to Good  
grades. Good offerings brought  
\$11.50-12.50 and others sold mostly  
at \$9.50-11.00, with Culls at \$8.00-  
9.00.

Replacement cattle were limited  
mostly to scattered lots of Medium  
and Good stocker calves that sold at  
\$10.50-13.00, prices that looked un-  
evenly higher.

SHEEP: Estimated salable and to-  
tal receipts 900. Available supplies  
of sheep and goats sold readily at  
fully steady prices. Most of the  
freshly shorn Angora goats ranged  
from \$3.50-4.25, more desirable kind  
largely \$4.25. Some Cutter to Com-  
mon slaughter ewes with No. 2 and  
3 pelts sold at \$3.75. A shipment of  
aged feeder wethers turned at \$4.60.  
Other classes were virtually lacking.

**Rationing**  
The OPA ordered re-examination  
by local boards of all supplemental  
gasoline ration books, particularly C  
books for motorists in 14 designated  
occupations and S books for opera-  
tors of commercial vehicles. New  
books will be issued for the amount  
the operator is fairly entitled to, if  
present coupons are found in excess  
and deliberate violations of regula-  
tions will be prosecuted, the Office  
said. The OPA announced 35,500  
new passenger cars will be made  
available for rationing in September  
compared with 13,250 in August, but  
all unused quotas were recalled and  
no carryovers will be permitted in  
the future. The quota of 90,000 bi-  
cycles for September is the same as  
for August.

All rented standard model type-  
writers manufactured since January  
1, 1935, were ordered returned to  
rental agencies by September 15 to  
make them available for purchase  
and use by the Armed Forces and  
Government departments. Persons  
eligible to purchase machines under  
existing OPA regulations are not af-  
fected.

**Transportation**

The Office of Defense Transporta-  
tion issued an order effective imme-  
diately, governing the operations of  
at least 50,000 automobiles used as  
taxicabs. The order (1) banned use  
of taxicabs for "social or recreation  
al purpose of the driver or opera-  
tors"; (2) establish a national taxi-  
cab speed limit of 40 miles per hour  
or any speed above that prescribed  
by competent public authority"; (3)  
prohibited use of taxis for making  
"commercial deliveries of prop-  
erty"; (4) limited to 10 miles the  
distance a taxi may be operated be-

**The Armed Forces**

The War Department raised from  
45 to 50 the maximum age at which  
men "who have character, skills or  
aptitudes which make their enlist-  
ment desirable and who are other-  
wise qualified" and who have draft  
board permission may enlist in the  
Army. They will be assigned to  
overhead units or installations where  
they will release younger men for  
general military service, and if fit  
they will be used for combat duty.

Marine Corps enlisted men, as well  
as Navy enlistees, may now apply for  
flight training to become naval avia-  
tion glider pilots, who act as co-  
pilots for large transport gliders.  
During the week, the 45,000-ton bat-  
tleship Iowa—heaviest vessel ever  
launched in the U. S.—the aircraft  
carrier Independence, the cruiser  
Boston, and two destroyers, the  
Clennon and Jeffers, were launched.  
The Red Cross and the Navy jointly  
announced a new rescue project un-  
der which buoyant waterproof bags  
containing emergency food, water  
and medical supplies, cigarettes, etc.,  
will be dropped by navy patrol blimps  
to seamen awaiting rescue, before  
they are actually picked up by rescue  
vessels.

**Strategic Materials**

War Production Chairman Nelson  
said 2,000,000 cars from automobile  
graveyards have been converted into  
400,000 tons of steel scrap a month  
during the last 4 months, but the  
steel industry is now consuming ap-  
proximately 4,800,000 tons of scrap  
metal a month, about 4 times as  
much as it took in 1938. The Office  
of the Petroleum Coordinator reported  
East consumers will obtain only 75  
percent of their fuel oil require-  
ments under normal weather condi-  
tions this winter.

**HONDO, TEXAS**

**EMPLOYERS, NOTICE**

San Antonio Texas, August 24 1942.—There is one aspect of the taxes levied under the Social Security Act which is of especial importance to owners of hotels, cafes, summer resorts and boys' and girls' summer camps, it was stated today by F. J. McCarthy, Jr., manager of the San Antonio, Texas, field office of the Social Security Board.

Under the provisions of the Act wages do not include cash only. The Act defines wages as "all remuneration for employment, including the cash value of all remuneration paid in any medium other than cash."

In many hotels and summer resorts, employees are paid a certain amount in cash, and also receive food and lodging. In making the tax deductions, these items are included. In other words a value must be placed on them, and the tax paid, it was explained. For instance, if it is determined that the employee's food and lodging are \$50 a month, the total wage on which the tax would be paid would be the cash wage plus \$50.

Another point for employers to remember: the tax is collected by the Bureau of Internal Revenue. The Social Security Board has no connection with the tax collections, or with the rules and regulations concerning them. Therefore, any tax problems in connection with the Social Security Act should be submitted to the local Collector of Internal Revenue, at Austin, Texas.

Information about Old-Age and Survivors Insurance program under the Act may be obtained from the San Antonio, Texas, field office of the Social Security Board.

**HONDO MAN QUALIFIES AS AERIAL GUNNER**

HARLINGEN ARMY GUNNERY SCHOOL, Texas, August 26.—Another aerial gunner who will carry the battle to the enemies of America in the stinger bathtub or turret of a U. S. bomber is Henry W. Schuehle son of Mr. and Mrs. Henry I. Schuehle, Box 354, Hondo.

A graduate this week of the Harlingen Army Gunnery School, he was presented the silver Wings of the Aerial Gunner and promoted to sergeant at ceremonies held here this week.

As a gunner, he is an all-important combat crew member of the Army Air Forces' famous fighting team—gunner, navigator, bombardier and pilot. It will be his job—with twin .50 calibre Brownings as tools—to see that the bomber is protected from enemy pursuit ships while on its mission and during the return trip.

To acquire the skill and knowledge necessary for his job, he has spent countless hours on the ground and in the air mastering the course of instruction and training eyes, nerves and fingers to split-second timing. The five weeks of intensive training includes class work in such subjects as aircraft identification, machine gun nomenclature, and continuous practice at shooting all types of weapons.

Qualified as an expert at aerial gunnery, he departed under sealed orders to join a combat unit after the short ceremonies here.

**ELIGIBLES FOR CAR PURCHASES.**

Men of the armed forces of the United States are eligible to purchase new passenger automobiles under the Medina County War Price and Rationing Board announced today if they can provide proof that a car is needed for transportation between residence and post of duty or in official military business where no practical means of transportation exists and where no military vehicle can be supplied for their use.

This is the purpose of Amendment No. 12 to the new passenger automobile rationing regulations. That amendment parallels a change made recently in the tire rationing regulations, to make Army and Navy personnel eligible for recapped tires under the same conditions of necessity.

The War and Navy Department recommended such action in both instances.

The chairman explained that a member of the armed services, in order to establish eligibility to buy a new car, must present to the local War Price and Rationing Board a statement from his commanding officer showing:

1. No other practical means of transportation are available.
2. The automobile will be used for necessary transportation between residence and post of duty, or on official military business but not to transfer applicant from post to post.
3. No quarters can be provided for the applicant at his post of duty or where his work is to be performed, or the applicant's duties require frequent travel.

4. The commanding officer will take all reasonable steps to insure that the applicant carries as many passengers as practicable at all times, and the vehicle will be used exclusively for the purpose stated in the application, except for minimum use for necessary personal purposes other than pleasure driving.

### LITERARY CLUB

The Literary Club met Tuesday, August 18, at the home of Mrs. Oliver Moore, with Mrs. Frank Hartman reviewing "The Just and the Unjust" written by Cozzens. This, the story of any small town, as told by Mrs. Hartman, seemed to be the current happenings of your mutual friends. Mrs. Hartman has a matter-of-fact style, very convincing and refreshing to her listeners. If you enjoy a story of fast detective work handled by a master, read "The Just and the Unjust."

The hostess served a lovely sandwich plate complemented with a punch drink.

The next meeting will be at the residence of Mrs. R. L. Riley with Mrs. Quaid Martin as the reader for the day.

### PARENT-TEACHER NEWS

Soon the school year will begin which means that we must begin to plan our work in the P-T. A. This next year let's all make our P-T. A. mean more. Make it neighborly. Don't feel that it is something that must be done, but rather something

that is a pleasure and a profit to you and the children.

Bring your best quilt patterns and your favorite recipes to share with your fellow members, and pass them around. Bring anything you have that could be of value to others. Above all bring new ideas and pass them around; your president and your friends will appreciate them. Let's make this year a banner year.

MRS. QUAID MARTIN, President.

### D'HANIS SCHOOLS TO OPEN SEPT. 14th.

The D'Hanis Public Schools will open the 1942-43 session on Monday morning, September 14th. Registration will start at 9:30.

All teachers have been employed except a coach and Vocational Agriculture teacher. A shortage of men teachers has made it difficult to locate a man for this position.

Miss Nancy Boggess of West has been employed as primary teacher. Miss Boggess majored in Primary Education at the Texas Technological College at Lubbock. She taught the first grade in the Brandon Elementary School during the 1941-42 school year.

Other teachers in the D'Hanis Public Schools for the coming year are: Mrs. F. C. Stockley, 3rd and 4th grades; Mrs. Mabel Willis, 5th and 6th grades; Miss Josie Rothe, Librarian and High School English; Miss Carrie Langfeld, Commercial and Social Studies; Vacancy for coach and Vocational Agriculture teacher. Supt. S. H. Willis, Science and Mathematics; and Mrs. Annie Love, Latin-American School.

The seventh and eighth grade subjects will be taught by high school teachers, each teaching the subjects in his special field of study.

There will be no school in the Kincheloe District. All elementary school children in the Kincheloe District will attend the D'Hanis Elementary Schools this year.

### NEWS NOTES FROM THE NAVIGATION SCHOOL

Continued from First Page

the Air Corps. A second daughter, Betty is employed at Wright Field and another, Mrs. Fred Gray, is the wife of an Air Corps officer stationed at Foster Field, Victoria, Texas.

Miss Robins lives with her mother at 309 West Agarita, San Antonio. Colonel Robins, a graduate of West Point, was commanding officer of the Gulf Coast Air Force Training Center from 1939 until his death in 1940. Before coming to Randolph he was at Wright Field.

In commemoration of Col. Robins' years of distinguished service with the Air Corps, the Wellston, (Ga.) Air Depot has recently been renamed Robins Field, Warner Robins, Ga. in his honor.

### MEMBERSHIP DRIVE FOR ARMY EMERGENCY RELIEF

The Hondo chapter of the Army Emergency Relief—an organization to assist soldiers and their dependents—will conduct a membership drive at the AAF Navigation School beginning September 25.

Announcement of the drive was made by Col. Linus D. Frederick, commanding officer of the navigation school who is president of the local relief organization.

Membership in the organization is open to both military and civilian personnel.

The Hondo chapter now has funds available to provide emergency assistance to anyone connected with the military service at this post. This assistance may be in the form of food, fuel medicine, or hospital care—or as a direct loan to the individuals concerned.

While the primary purpose of the chapter is to aid the dependents of those soldiers who go overseas assistance to others in emergencies, is also available.

The officers of the Hondo branch of the Army Emergency Relief are: Major Robert Johnson, provost marshal, first vice president; Mrs. Mardis Williams, wife of Capt. Williams, adjutant second vice president; and Major Robert L. Wehr, administrative inspector, secretary.

### SCRAP METAL DRIVE WELL UNDER WAY

Nearly 60,000 pounds of scrap metal will be collected from Medina and Uvalde counties and converted into vigorous blows at the Axis through the aid of the AAF Navigation School.

The 30 tons of scrap metal are being contributed by civilians and organizations throughout the two county area.

Information regarding the location of old scrap metal in this area was obtained in a questionnaire mailed by R. B. Burden, Medina county AAA agent. Residents were asked to report the amounts of available salvage metal in their vicinity.

Reports to date reveal nearly 60,000 pounds of the scrap metal are now available. The entire amount is to be collected and then turned over to Lt. Donald F. Halpenny, who has been appointed as salvage officer by Lt. Col. Paul L. Carrol, post quartermaster.

The metal will then be diverted into the proper channels, finding its way eventually into war production work.

### BODY OF MURDERED YOUTH FOUND IN CANAL AT CASTROVILLE

The body of Warren F. Simmang, 18, son of Mr. and Mrs. Frank Simmang of San Antonio, was found in the main irrigation canal west of Castroville and only a few yards from Highway 90, Wednesday morning. The body, with head brutally beaten in, was discovered by Marcelino Vara, Castroville laborer, who stopped at the canal to look for fish. Clad only in underwear, trousers and shoes, the body was partially submerged.

Officers were summoned and an inquest conducted by Coroner Anton Haller at Castroville, a verdict of murder was returned. The body was identified by the youth's father after officers discovered the name "Simmang" and the initials "W. F. S." marked on the clothing. Local officers hold that the youth was probably murdered on the highway between Hondo and Castroville and his body then dumped into the canal. Simmang's car, with blood stains in the front seat and in the trunk, was found at 4 P. M. Wednesday on a San Antonio street.

According to San Antonio papers the police department of that city had arrested two suspects for questioning in the killing. However Thursday, investigators from San Antonio and the local officers, Sheriff Chas. J. Schuehle and Deputy Jack Fusselman, were busy with additional clues to the brutal murder.

Simmang, former employe of Duncan Field, was transferred to the AAF Navigation School at Hondo July 24. Sheriff Schuehle learned from officers at the School that Simmang drew his two weeks' paycheck Monday and left Hondo Monday night to visit his parents in San Antonio. The murder was believed to have occurred sometime Monday night and Coroner Haller in his inquest said the boy had been dead about two days.

### LA COSTE LEDGER

#### The LaCoste Ledger.

Mr. and Mrs. G. E. Weichmann and family attended the funeral of Mrs. Weichmann's brother, Arnold Fischer, of Fischer Store, Texas, on Thursday, August 20.

Corporal Marlin Mechler is the son of Mr. and Mrs. Paul Mechler from the Sauz community northeast of LaCoste. Marlin was drafted into the service of his country April 8, 1941. He was stationed first at Camp Wallace, Texas. Then in June 1941, he was moved to Fort Bliss, Texas. On December 10, 1941, just three days after the attack on Pearl Harbor, Marlin was sent to McChord Field, Washington. He is serving in the Coast Artillery of the U. S. Army and his many friends here know he is doing his job well and willingly.

One worried mother received slight relief of her sufferings last week when her son wired her that he had arrived in the United States. The son was none other than Clement Tondre of the U. S. Navy and he wired his mother, Mrs. Joe L. Tondre of Castroville, last Thursday morning, August 20. Clemmy, who was on the U. S. S. Lexington when it was sunk in May, and who had been severely burned at that time, informed his folks that he had reached the Oakland Naval Hospital in Oakland California. Thursday evening he telephoned him and he told them he was getting along fine. He said his face is scarred and his arms are stiff but he seemed optimistic and has high hopes of recovering satisfactorily. He told them he would have to remain in a hospital approximately two more months before being able to come home. California friends of the Tondres have written to them saying they have visited Clemmy and are keeping him supplied with books and various other pastimes.

P. F. C. Francis Echtle, who was recently transferred to Camp Edwards Massachusetts, wrote to his parents Mr. and Mrs. George Echtle, of LaCoste about the wonderful trip he had moving from North Carolina to Massachusetts. He was privileged to see Washington, D. C., and New York City.

Mr. and Mrs. Paul J. Tschirhart of Castroville received word that their son, Henry, who is serving in the U. S. Army, is now in Alaska. His letters arrive regularly and he never complains. However, he has mentioned that cigarettes are scarce and writes as though the place is quite desolate.

Private Joseph Schmitt, son of Mr. and Mrs. Jos. Schmitt of Castroville, is stationed down in St. Petersburg, Florida, and is undoubtedly seeing beautiful country.

Mr. and Mrs. F. W. Mechler and children were visitors here last Saturday.

Mrs. Hugo Mumme of Castroville made a two-thousand-mile trip to New York City recently to visit her boy, Burtis A. Wilkins. Burtis is in the Navy Technician School in Brooklyn. He is Electrician's Mate, 2nd class. Mrs. Mumme is proud that her son wears a foreign service badge and a gold star for one combat. She had a grand trip and spent four days with her boy. She enjoyed seeing the Statue of Liberty, the Empire State building, Coney Island, Radio City Music Hall, and Grand Central Station. She was also privileged to see the former French passenger ship, Normandy, which is being rebuilt.

Marvin Koenig, son of Mr. and Mrs. Paul Koenig of LaCoste, signed up for the U. S. Navy last Saturday, with A. E. Jungman, local postmaster.

Mr. and Mrs. A. E. Jungman of LaCoste are in receipt of a letter from their son, Bernard, who is with the U. S. Coast Guard, stationed in Massachusetts, stating that he and P. F. C. Francis Echtle, son of Mr. and Mrs. George Echtle of LaCoste are stationed in nearby camps and intend to visit each other the first

free periods they have. Mrs. Joe L. Tondre from Castroville visited in LaCoste Tuesday this week.

Mrs. Ferdinand Ahr of San Antonio is visiting with Mr. and Wm. Ahr here this week.

## From where I sit...

by Joe Marsh

WHEN I drop into Sam Abernethy's store, I usually come away with something worth remembering.

Sam's our town's most successful storekeeper and he's not one to do much talking, unless he figures he's really got something to say.

Last evenin' he said plenty.

Stranger was in the store. And Ben Ryder, Homer Bentley and some others were talkin' about the scrap collection when this feller sort of horned in...

"I hear these scrap collections are a lot a bunk," he says. "Fact of the matter is, this junk they're gathering ain't no use for makin' steel. Just a waste of time gettin' it together..."

At that point Sam steps in.

"Jest a minute," he says, fixing him with a cold and steely eye. "May I inquire where you got them so-called facts?"

The stranger hems and haws, and Sam advances on him grim and unsmilin'.

"Name your authority, sir," he says. And he wasn't kiddin'! "Tell

us, where did you get all this side, private information?"

Well, sir, I never saw Sam since Lem Martin's chased the cat into the pickle rel. And I guess I never saw a crawfish out of a place fast as fellow did.

Thinking it over after came to the conclusion that he got the real system for folks who throw facts and lie around free and easy like.

F'rinstance, I've noticed some pretty fancy fact and jugglin' done by some of those mongerin' stranger. Try it your next time you hear any of those ing derogatory remarks
